Darkness

The primordial darkness of the universe at the moment before creation, as represented in a plate in Robert Fludd's 1617 *Utriusque Cosmi Maioris scilicet et Minoris Metaphysica, Physica, atque Technica Historia* (The Metaphysical, Physical, and Technical History of the Two Worlds, Namely the Greater and the Lesser). The words *Et sic in infinitum* ("and like this to infinity") are written on all four sides of the square. *The black page from Robert Fludd's Utriusque cosmi maioris scilicet et minoris metaphysica, physica atque technica historia, published in Openheim 1617.*
